

# WOODS **GROUNDBREAKER-X™**

6-FOOT SUBCOMPACT BACKHOE

**NEW!**

Extra power and performance in your own backyard.

## PERFORMANCE GUIDE

Ideal for hard-to-reach digging and trenching in the yard, garden and pasture

## BH6000 GROUNDBREAKER-X™ BACKHOE

Subcompact tractors 18-24 hp

- **Extra durable** – heavy-duty, construction grade Gannon® bucket
- **Extra simple** – easy on/easy off, no tools required
- **Extra capacity** – three bucket sizes available with greater capacity than the competition
- **Extra ability** – curved boom reaches over obstacles, with better visibility and less repositioning than a straight boom
- **Extra strong** – “box section” design adds strength without weight, for more lifting power

Combine an excavator-style curved boom, construction grade Gannon bucket, and Woods' unique easy on/easy off mounting system. That's the Woods Estate Series™ Groundbreaker-X™ backhoe for subcompact tractors. A powerful digger that's simple to service, requires no tools to attach and detach, and has a greater bucket capacity than anything else around.

Built on ten years of proven performance from our Groundbreaker® line of backhoes, the BH6000 is engineered specifically for tight spaces, and hard-to-reach digging and trenching jobs in the yard, garden, and pasture. The strong, curved boom reaches over objects and further under sidewalks and obstacles than a straight boom. And, the Groundbreaker-X can just as easily excavate a pond for your rock garden, or dig a hole for planting a tree. Three different bucket choices – 8-inch trenching, 12-inch all-purpose digging, and 16-inch max-capacity digging – ensure you have the right tool for the job.

### Extra Ability with Curved Boom

Excavator style curved boom reaches over objects with better visibility and less repositioning than a straight boom.

### Extra Simple On/Off

With Woods' unique easy on/easy off mounting system you can attach or detach in about three minutes – no tools required.

### Extra Durability and Capacity

Choose from three heavy-duty, construction grade Gannon buckets:

8-inch trenching, 12-inch all-purpose, 16-inch max-capacity.

**WOODS**

Tested. Proven. Unbeatable.™

## Specifications

	BH6000 w/ 8" bucket	BH6000 w/ 12" & 16" bucket
Digging depth - 2' flat bottom	74"	72.5"
Digging depth - 8' flat bottom	47"	44"
Reach from swing pivot	98"	96.3"
Loading height	54"	54.5"
Loading reach	33.5"	35.5"
Transport height	60"	60"
Swing arc	150°	150°
Bucket rotation	180°	180°
Stabilizer spread - up (transporting)	51"	51"
Stabilizer spread - down (operating)	77.5"	77.5"
Leveling angle	12°	12°
Ground clearance at main frame	10.5"	10.5"
Rated pressure	1780 PSI	1780 PSI
Bucket digging force	2025 lbs.	2200 lbs.
Dipperstick digging force	1150 lbs.	1180 lbs.
Boom cylinder diameter	2.25"	2.25"
Dipperstick cylinder diameter	2.25"	2.25"
Bucket cylinder diameter	2.25"	2.25"
Swing cylinder diameter	2.5"	2.5"
Stabilizer cylinder diameter	2.25"	2.25"
Shipping weight without bucket	730 lbs.	730 lbs.
Tractor horsepower range	18 - 24	18 - 24
Bucket cutting edge	1/2" beveled steel	1/2" beveled steel
Bucket teeth	Hensley® bolt-on	Hensley® bolt-on
Bucket capacity - 8" trenching	0.63 cubic feet	-
Bucket capacity - 12" all-purpose	-	0.90 cubic feet
Bucket capacity - 16" max-capacity	-	1.31 cubic feet

## Additional Features

- For subcompact tractors 18 to 24 hp
- Easy to transport due to high ramp angle and ground clearance
- Long-lasting, heavy-duty cylinders
- Easy to service hoses and pins
- Operates with most loaders and undermount mowers attached
- Available in colors to match your tractor
- Welded to American Welding Society standards
- Tested in rigorous real-life conditions and in compliance with recommended industry safety standards

## Estate Series Tools

The Groundbreaker-X Backhoe is just one of the powerful tools in our complete line of Estate Series compact tractor attachments. Tools like a landscape rake, blade, tiller, scraper, rotary cutter, and loader. And every Woods Estate Series attachment carries the Woods reputation for "Tested. Proven. Unbeatable." quality and endurance – a reputation earned during nearly 60 years in the industry.

*Insist on genuine  
WoodsCare™ parts for  
genuine Woods performance.*
