MX DECKS ON FZ-SERIES
MOW'N MACHINES™

WOODS NEW POWER TILT DECK KIT

With Woods' new PowerTilt Deck Kit option, you never have to worry about cut material-buildup again. After finishing a job, simply push a button to tilt the deck and clean the underside of the mower deck.

Want to add or remove a mulching kit? No problem. One button does it all when it comes to efficient access and easy maintenance. The actuator automatically locks the deck into place, and blade sharpening or replacement becomes a breeze.

Because everything is electric, you no longer have to deal with manual levers when adjusting the height of the deck. With the absence of a manual height adjustment, you can get an even better cut under bushes and evergreens—plus our flexible ShrubSaver™ discharge chute is tree, shrub, and fence post-friendly.

KEY FEATURES

- Electric deck height adjustment
- Raises deck for:
 - underside cleaning
 - blade maintenance
 - mulching kit installation
 - storage
- Fits all Woods MX decks on F and FZ-series mowers
- Simple one button switch—no latches or spacers needed
- 2-Year Warranty
