

NEW!

WOODS BW126 BATWING®

SINGLE-WING, 10-1/2-FOOT FLEXIBLE ROTARY CUTTER

From the creators of the original Batwing® comes the newest addition to our superior rotary cutters, the single-wing, 10-1/2-foot BW126.

This Batwing has the exclusive design features and rugged endurance of our heftier models, with the performance and price of a powerful utility cutter.

So, go on, compare us to other folding wing rotary cutters. You'll discover why a Woods® Batwing is the original – and still the best.

PERFORMANCE GUIDE

Ideal for maintaining road right-of-ways and cutting grassy fields, pastures, waterways, and light brush up to two inches in diameter.

The flexibility of a Batwing cutter allows you to maintain a variety of ditches and right-of-way slopes. The BW126 wing flexes 90 degrees up and 22 degrees down.

Industry leading, 11-inch deep side frame allows for greater material capacity.

WOODS BW126 BATWING®

Specifications

	BW126
